(Arial 10 point, bold, left align) Abstract

(Arial 10 point) Please follow this instruction in typing your manuscript. The manuscript should be typed in single spacing and script font should be Arial. Paper format must be A4. Specific instructions for the script format are given in brackets at the start of the text, where it is applicable. Instructions for the number of empty lines to be left between the sections are given on the right side of the document (in brackets and in italics). Total number of pages for the manuscript must not exceed five for oral and 2 for poster presentation, and manuscript for keynote presentation should be limited to seven pages. Margins of the document should be as follows: top 3 cm, bottom 3 cm, left 3 cm, right 3 cm. Align the text to the left. The manuscript should be divided into the following sections: Abstract, Introduction, Materials and methods, Results, Discussion and Conclusion, Acknowledgements and References. Key words should be given at the end of the abstract section. Number key words should be limited to five. Number of tables/figures in the manuscript should be limited to three. Number of references should be limited to 10. The Abstract should not exceed 250 words.

(Leave 1 line empty between paragraphs)

In case you have more than one paragraph under a section, please leave one line empty between paragraphs, like this paragraph. Your help in typing your manuscript following these instructions will help to develop a nice proceeding.
